

RECRUITMENT THAT IS TRULY TRANSFORMATIONAL

Microsoft Dynamics in Higher Education

Talent Locker has more than 15 years of industry experience in Microsoft Dynamics 365 CRM / CE and are the preferred or exclusive supplier to many of the UK's top Microsoft Dynamics gold partners, along with a multitude of end users. As experts within the Higher Education sector, we truly understand our clients' needs, sourcing specialist workers from our extensive talent pool.

Client example: Russell Group University

We have worked with this Russell Group University for over 2 years.

We joined as a supplier when the business was experiencing significant quality and supply issues with their previous recruitment partners.

Overview:

- Successfully filled over **40 vacancies** across the client's technology and change programmes
- Provided talent for a mix of contract, permanent and fixed term placements

Roles placed have included:

- * Project and Programme Management
- * Software Development and Testing
- * Change Management and Training
- * Business Analysis
- * Product Management
- * PMO

Programmes have included:

- * D365 CE / CRM
- * Student Journey Transformation
- * Research and Enterprise Management
- * O365
- * Cyber Security
- * Student Records Systems
- * Information Management

Referrals and relationships make up **90%** of our business! Our network is one of our most valued commodities.

Over **80%** of CVs we submit result in interviews, making our CV sent to interview ratio higher than average.

We fill **100%** of roles worked on **exclusively** with our clients, with the right candidates for long term success.

Peter
Senior Project Manager

"The team were understanding, responsive and trustworthy. They had understood the Client's needs really well, matched my credentials against the job specifications perfectly and ensured that both Client and I were totally supported through the entire recruitment process.

I would not hesitate to recommend them for both recruiter and job seeker. Thank you Talent Locker."

Chris
Senior Project Manager

"Nadia has been professional and kept me updated through-out the entire process. She has guided me and helped me obtain the role I wanted.

I have often received the opposite experience from many other Recruitment agencies, and so this is very refreshing. Highly recommend."

Guy
Project Manager

"Thank you to Nadia Knight. You have been a joy to deal with.

Extremely professional, informative and responsive throughout the recruitment process. Even responding to my email on your non-working day, which is going the extra mile in my book. I wish you all the very best."

“

"Nadia & the TL crew have helped me to achieve a goal that had at times seemed out of reach, I'll shortly be moving into my new role to continue fulfilling my passion to deliver change.

Right the way through the process, Nadia always kept in close contact and steered me in the right direction to make sure my cv was spot on! Also giving me plenty of interview prep tips and taking time late one evening to review a presentation I had prepared.

I would come back to TL again in a heartbeat and thoroughly recommend you get in touch with Nadia or Martyn if you are looking for the next step in your career."

”
