

Case Study:

Estée Lauder Companies

Industry:	Luxury Retail
Main region supported:	EMEA
Project:	Oracle Xstore programme

The challenge: The client needed to deploy their point-of-sale application (Oracle Xstore) across EMEA. They needed specialist talent for this programme, who could work flexibly to the needs of the client.

The solution: The client defined the deliverables of the projects and TLP supported the resource to execute this successfully. Over 90+ contract workers have been processed for Estée Lauder Companies through TLP.

Outcomes:

- A 100% compliant temporary workforce
- A cheaper, simpler, and quicker acquisition of the best temporary workers
- A 5 star client experience

Role examples:

- Retail Business Analyst
- Project Manager
- Programme Manager
- Technical Lead
- Retail / POS Solution Architect
- IT Retail Support Analyst
